FINNAN HADDIES!

Best in the City because they are home cured and fresh each week. Boston Haddies are apt to be old before you get them, and they are pickled too much to suit the taste, in order to preserve them. Ours are not so. We see each fish before it is cured and know it is fresh stock. They are pickled just enough to suit the taste and the best way to prove these statements is to give us a trial order. We feel sure the quality of our Haddies will convince you we are right.

FINE GIFT TO A SCHOOL.

St. Johnsbury Academy Offered a Girl's Dormitory by Mrs. Lucie McMillan.

St. Johnsbury, Nov. 13.—Mrs. Lucie McMillan has offered to present to St. Johnsbury Academy the three story house opposite the main academy building to be occupied as a dormitory for girls and the offer has been accepted by the trustees of that institution. The gift represents an expenditure of \$8,000 and the building will be thoroughly fitted for its new purpose. It is proposed to name the building the Charlotte Fairbanks house, in memory of her mother, who was a daughter of Sir Thaddeus Fairbanks, the founder of the academy.

Mrs. McMillan is the daughter of the Rev. Dr. George N. Webber, formerly of St. Johnsbury and Middlebury, but now residing in Northampton, Mass., and her husband is the London representative of the American Car and Foundry company, more popularly known as the car trust. She attended school at St. Johnsbury Academy and learning that a home for young lady students was desired at once offered to provide for one.

HAVE FOILED PURSUERS.

Attempt to Catch West Virginia Murderers Unsuccessful.

Charlestown, W. Va., Nov. 12.—All efforts to capture Edward Jackson, who shot and killed Sheriff Daniels and John Rolf, a prominent citizen, in Montgomery as the result of the killing of his brother, Constable Walter Jackson, by Policeman Elliott, on Wednesday, have proved futile.

Forces have been looking for Jackson all day and are still searching the surrounding country for him. Two pairs of bloodhounds were placed on his trail, but with no success.

The excitement following the double shooting has somewhat subsided, but the friends of Sheriff Daniels still threaten to lynch Edward Jackson if he is captured. A reward of \$10,000 has been offered for Jackson, dead or alive.

He has been evading the officers since last May but seeing that he would sooner or later be taken, he decided to give himself up to the officers of this city, having worked his way here from Montreal. He was taken to Portsmouth, N. H., Saturday, where he was turned over to the naval authorities to be tried for desertion.

LOSS HALF A MILLION.

Boston's Back Bay Fire More Costly Than First Reported.

Boston, Nov. 12.—Fire insurance estimates this afternoon placed the loss of the fire at the Harcourt building, Back bay last night, at half a million dollars instead of \$200,000 as was at first figured.

It is stated that the loss on the building will reach \$200,000. The loss to the four manufacturing concerns occupying the building, the Hutchins, Votey Organ company, George H. Walker, publisher and lithographer, and the Harcourt Machine Company, and the Pennsylvania Metal company will reach a similar figure, while damage to the property of the studios located in the structure will total \$100,000.

A careful search of the ruins was made today for possible bodies of art students who, it is thought, might not have escaped, but none was found.

VICTIMS OF DEER HUNTERS.

Fourteen People Slain in Wisconsin, Michigan and Minnesota.

Chicago, Nov. 13.—The hunting season in Wisconsin, Michigan, and Minnesota thus far has cost fourteen human lives, and as the deer season in Wisconsin has just opened the list of fatalities probably will increase.

Five deaths are charged to deer hunters who pursued game out of season. Thirty persons have been wounded while hunting ducks. The season for ducks and partridges opened September 1. The deer season runs from November 10 to December 1. Game is said to be plentiful in northern Wisconsin.

FLOCK OF WILD PIGEONS.

Birds Seen at Chardon, O. After an Absence of Many Years.

A flock of fully 500 wild pigeons passed over Chardon, O. the other afternoon, says the Cleveland Plain Dealer. Hundreds of people who are familiar with the markings of the wild pigeon witnessed the sight. The flock was also seen at Aquila lake. The reappearance of these birds after an absence of twenty-three years has caused considerable speculation among the sportsmen of Chardon. Wild pigeons were last seen near Chardon in April, 1881.

The last great flight of these birds in northern Ohio was witnessed in the spring of 1876. The pigeons reappeared in the spring of 1877, but in greatly diminished numbers. Their total disappearance later caused the belief to become general that the birds had been annihilated by market hunters. For years the Smithsonian institute has had a standing offer of \$1,000 for a single specimen of the American wild pigeon.
